

Dear Pita Jungle friends,

As we carefully track forward in this tumultuous period of COVID-19, we would like to take a moment to reiterate to our dedicated patrons and new guests alike, the tremendous effort Pita Jungle is dispensing in the management of this crisis. Our end goals are to prevent COVID-19 propagation from our establishments, and as is customary at Pita Jungle, strive to preserve and enhance the healthiness and well-being of our guests, with hygienic and safe practices, that are coupled with a super nutritious diet, and wholesome ingredients.

Our safety practices closely follow the recommendations issued by the Center for Disease Control (CDC), County Environmental Services Department, the National Restaurant Association as well as local and state authorities. Through a close collaboration with ECOLAB, a third-party global leader in hygiene technologies and services, our safety practices are executed relentlessly, day in day out, and after hours.

These practices are highlighted by the following:

- Continuously educating staff with daily updated information from health authorities as well as a constant reinforcement of all handling and sanitation procedures.
- Increasing sanitation of restaurant spaces, surfaces and bathrooms on a 30-minute frequency or on a per use basis for tables, and high usage areas as pertinent to the process
- Mandatory frequent hand washing throughout the day.
- Gloves and masks are mandatory for all employees.
- Ensuring that no symptomatic employee does present themselves at work.
- Making napkins and trashcans available near all doors to open doors, to mitigate contamination from high frequency points of contact.
- Removing condiments from tables in order to ensure complete and thorough table sanitation from customer to customer.
- Disposable menus, electronic menus and contactless payment from personal devices will be offered.
- Cleaning and sanitizing all door bars, knobs, handles and plates every 30-minutes or more. Doors such as front doors, back doors, patio doors, service doors, bathroom doors etc.
- Advising customers that our menu can be found online at [www.pitajungle.com](http://www.pitajungle.com) via their mobile device or the waitstaff can provide recommendations.
- Offering curbside pick-up furnished upon request.
- Offering sealed tamper-evident bags for your pick-up and delivery orders.

In these challenging times, Pita Jungle is proud to raise up to the occasion of being once again the ambassador for your healthful food and well-being through nutrition. We commit not to "leave a stone unturned" in our quest to deliver to you the most health inducing nutritious food, following the state-of-the-art protocols in handling, and food safety.

Should you have any questions, concerns or special requests, please contact us at [service@pitajungle.com](mailto:service@pitajungle.com).

Your Pita Jungle Family
